## Pick Bay To Film Movie

Bay St. Louis has been selected as the background for filming Tennessee Williams' play, "This Property is Condemned," a drama set in a small Mississippi town in the early 1930's.

Clarence Eurst, production manager, said this week the Seven Arts Association Corporation film will star Natalie Woods and Robert Redford, Broadway actor.

Some of the scenes will also be filmed in New Orleans Vieux Carre.

Work on the old Seaside home, Third Street, later used as a bottling plant, and which will be the main local setting for the story is already underway. The Baptist Church, corner Sycamore and Third Streets will also be used as one of the local scenes. Shooting of the film is scheduled to begin about September 25.

## HIGHWAY COMMISSION CONTRACTS HANCOCK PEARL RIVER JOB

Contracts were awarded Tuesday by the Mississippi State Highway Commission for highway projects in Hancock and Pearl River Counties, according to John D. Smith, Southern District Highway Commissioner.

Yates & Patterson, Inc., of Jackson, the low bidder, was awarded the contract for 3,539 miles of grading, drainage, culverts, bridges, base and paving of Old Highway, No. 11 between Santa Rosa and Interstate Route No. 59, which includes both counties. ## FIRMS INTERESTED IN COMPUTER CONTRACT MEET AT MICHOUD

NEW ORLEANS, La. — Representatives of 17 firms interested in bidding for a computer services contract at the National Aeronautics and Space Administration's Michoud Assembly Facility attended a pre-proposal conference Wednesday at the New Orleans installation.

Michoud, a division of the NASA-Marshall Space Flight Center, Huntsville, Ala., is the production site for the first stage of the Saturn IB and Saturn V space vehicles to be used in the Apollo manned lunar landing program.

The computer services contract will include operation or maintenance of some 20 digital and analog computers, a data transmission system, a data reduction system and related electronic equipment. These services support both the Michoud Assembly Facility and the Marshall Center's Mississippi Test Facility in Hancock County, Miss.

Work under the contract will be performed at the main Michoud plant in New Orleans and at its Computation Office in nearby Slidell, La. The contract will cover a one-year period with three additional one-year renewal options.

Proposals are due September 17. The present computer services contract with Telecomputing Services, Inc., Panorama City, Calif., expires January 7, 1968.

Firms represented at the one-day pre-proposal conference were: Johnson-Lehner Corp.; Computer Sciences Corp.; Computer Usage Co., Inc.; Federal Electric Corp.; General Electric Co.; International Telephone and Telegraph Co.; Lear-Siegler, Inc.; Ling-Temc-Vought; Minneapolis-Honeywell & T. Co.; Radio Corp. of America; Service Bureau Corp.; Telecomputing Services, Inc.; The Dow Chemical Co.; Video Corporation, and Wolf Research and Development Corp.

## MRS. E. S. McINNIS NEW TEACHER AT CHRIST EPISCOPAL

Mrs. Elizabeth Sullivan McInnis will join the faculty of Christ Episcopal Day School this fall as a music, art, and remedial reading teacher. A graduate of H. Sophie Newcomb College in New Orleans, Mrs. McInnis majored in elementary education, and also studied vocal music and art.

## PLAN NEW DORMITORY

Brother Hubert, S.C., Provincial of the Brothers of the Sacred Heart, has just announced plans for the construction of new dormitory facilities for resident students at St. Stanislaus School in Bay St. Louis, Mississippi.

This new \$800,000 construction will contain private living quarters for 300 students. The room design is such that three students sharing a room will have private shower, locker and storage space. These quarters self-contained and self-sufficient. The entire complex will have central heating and air conditioning. Carpeting will add greatly to the quiet so conducive to study.

The architectural and construction work is being handled by the O'Meara-Chandler firm of Houston, Texas.

On the occasion of a personal visit to Bay St. Louis, Mr. Paul Chandler stated his satisfaction with the room design that his architects and the school authorities devised. He further stated that his firm is eagerly looking forward to drawing up a proposed master development plan for the entire school plant at St. Stanislaus. Completion of this first unit will require 3 months; thus occupancy is assured for the 1967-68 school session.

St. Stanislaus has always been primarily a "resident" school. In campus dormitories young men from half the states and numerous foreign countries experience a process of learning 24 hours a day. It is here on campus that they make new friends every day and engage in activities never to be forgotten.

The residence hall system is based on a well proven fact of educational psychology: that learning does not take place only in the formal classroom. Much learning takes place before and after classes in the friendly cooperative setting of the residence hall. Students learn from one another; they study with and help one another. Much of this informal learning relates to the work of the classroom, but much of it also relates to other aspects of life.

St. Stanislaus is more than a school. It is also a way of life. And a good portion of the life of a St. Stanislaus student - when he is in the classroom laboratory, dining hall or library - is spent in the residence hall.

## PLAN NEW DORMITORY

Sheriff Sylvan Ladner reported the bodies of four persons killed when the light plane they were flying nose-dived into the swamps near Logtown were recovered Sunday.

The victims identified as Perrygo Verlace Brothers, 31, Tuscon, Ariz., the pilot, his passenger and business associate, David Hardy Gooch, 38, his wife, Mrs. Patricia Sarah Gooch, 34, and their six-year-old daughter, Cheryl Lynn, of Largo, Florida, were enroute from Fairhope, Ala., to Austin, Tex., when the Cessna 182 crashed Thursday.

A Civil Air Patrol search was launched Friday morning after the plane was reported missing.

The search continued in three states until the plane was found about 1:30 p.m. Saturday.

The wreckage was reported buried in approximately 10 feet of mud.

An amphibious vehicle from the Mississippi Test Facility with two drivers from Cook Leasing Company, was used in recovering the bodies, the sheriff said.

Among those who assisted in recovering the bodies were the Sheriff's department, Highway patrolmen and county and city civil defense units.

The bodies of Mr. and Mrs. Gooch and their daughter were transferred by Riemann's Fahey-Whitfield Funeral Home to Karl T. Bouchard Funeral Home, Largo, Fla. where funeral services were held Tuesday afternoon.

The remains of Brothers, were sent to John Ridout Funeral Home, Birmingham for funeral arrangements.

Funeral services will be held sometime Friday from Thompson-Therap, Inc., with interment in Hope Mausoleum, New Orleans.

## FLIGHT OF ASTRONAUTS GORDON COOPER AND CHARLES CONRAD

His ship was located just a few miles seaward of Cape Kennedy when Gemini 5 lifted off Launch Pad 19 and began its plus three million-mile orbital journey. Avenue stood by to retrieve the astronauts and their spacecraft in case the mission was aborted during the early seconds of powered flight.

After the two-man craft attained orbit the minesweeper was released to assume regular operations.

Avenue is specially constructed to maneuver close to shore. Her shallow draft, 11 feet, allows her to venture into waters not accessible to other ships. She measures over 170 feet in length and displaces almost 600 tons of seawater.

Normally operating as a unit of the Atlantic Fleet's Mine Force, Avenue was selected for recovery duty weeks in advance of GT-5. Since her designation, the crew has undergone extensive drills in spacecraft recovery technique. Following the mission she will return to normal Mine Force duties.

## WITH OUR MEN IN SERVICE - ON RECOVERY SHIP

PROJECT GEMINI V, (FTNVC), Aug. 17 - Fireman Apprentice David J. Karl, USN, son of Mr. and Mrs. Thomas M. Karl of Route 1, Bay St. Louis, is serving aboard the minesweeper USS Avenue, a spacecraft recovery ship for the Project Gemini (Titan-2) flight-day to normal Mine Force duties.

Mr. James E. Webb, NASA Administrator, and a number of top scientists and NASA consultants, including Astronaut John Glenn, visited the Mississippi Test Facility last week. Shown above are (left to right) Mr. Webb, MTF Manager Jackson M. Balch, Astronaut Glenn, and Gen. Edmund O'Connor, Director of MSC's Industrial Operations. The group was briefed on the status of the rocket testing facility now in its final stage of development. In Hancock County, Mississippi, they traveled from MTF to Cape Kennedy to observe the launch of the Gemini-Titan II. Others in the group included Dr. Arthur Raymond, Rand Corporation and Consultant to NASA; General Charles P. Cabell, USAF (Ret.) NASA Mission Specialist; Dr. C. Stark Draper, Head of Aeronautics and Astronautics, MIT and NASA Consultant; Dr. C. Stark Draper, Head of Aeronautics and Astronautics, MIT and NASA Consultant; Dr. C. This image is a vertical strip of a document page, heavily degraded with noise and artifacts. It shows a dark background with a bright, textured vertical band. The band contains some faint, illegible markings and a series of small, dark, circular artifacts. The overall appearance is that of a severely damaged or corrupted scan of a document page.

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four great reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Then you will visit a travel agency, study maps, read travel books, and talk with those who have already made the journey. And what about that far more important (and uncertain) journey... the journey of life? The Church offers wise counseling from those who have studied life. The Church presents you with a map formed from the fundamental truths of God and his directives for living. The Church interprets for you the greatest of all travel books, the Bible. The Church gives you the companionship of the all-wise Guide, who made this journey without a mistake, the Lord Jesus Christ. Agency, map, travel book and Guide for life's journey. Come to Church and find them all.

Civil Defense Ready

Bay St. Louis Civil Defense Director, said this week emergency operation center at Webb School is almost ready for occupancy. The lower part of the building, he added, is used for operations during emergencies. The director stated, has completed checking all citizen radios and net work to be in emergencies and are now in process of determining the list of rosters of all men and women. Fritchard and Jim Kirsch, National Aeronautic Space Administration, have recently joined the group and have been assigned to the communications section. Both, he added, are ham radio operators and they are now in the process of assembling and installing a ham emergency radio system. He is reminding all C. D. members that only new identification cards will be acceptable in any emergency. In addition, must be completed on both sides, attached and finger prints on at the sheriff's office. A number of men who have helped with rescue or outside work were unable to go as they had to stay in the city, Steff said. In order to remedy this situation in the future, he is asking any women, from 18 to 65, interested in doing volunteer work at the center during emergencies, such as answering phones, to call Mrs. L. H. Raymond at City Hall, 427-9001 and their names will be put in the roster.

POSTOFFICE CLOSED LABOR DAY. Minister Andy Becker announced the post office will be closed all day Monday, September 6, in observance of Labor Day. Letters will be received and delivered on a holiday schedule. All offices in the courthouse will be closed for the day.

CATHOLIC WOMEN TO MEET WEDNESDAY. The West Coast Deanship of the Roman Council of Catholic Women will meet at 2 p.m. Wednesday, September 8, at St. John's Cathedral, Gulfport. All Catholic women are urged to attend.
